## About

Creative and detail-oriented Front End Developer with a strong foundation in graphic design and a passion for crafting visually appealing, user-centric web experiences. Eager to leverage foundational skills in HTML, CSS, JavaScript, and responsive design to contribute to innovative web projects and gain industry experience in an entry-level role. Possesses a keen eye for detail and a creative approach to building highly functional and aesthetically pleasing websites.

## Work Experience

Front End Developer

Self-Employed

Jan 2020 - May 2024

Gbagada, Lagos, Nigeria

Developed and maintained responsive web applications, leveraging expertise in HTML, CSS, and JavaScript to deliver visually appealing and high-performing digital experiences.

- Developed and implemented responsive front-end designs for diverse websites and web applications, ensuring cross-browser compatibility and optimal user experience.
- Authored clean, maintainable code using HTML, CSS, and JavaScript, contributing to the successful deployment of various web projects.
- Identified and resolved critical bugs and performance bottlenecks in web applications, enhancing stability and user satisfaction.
- Optimized web application performance and scalability, improving page load times and responsiveness across various devices and browsers.
- Contributed to the full lifecycle of front-end development, from conceptual design to deployment, ensuring high functionality and aesthetic quality.
